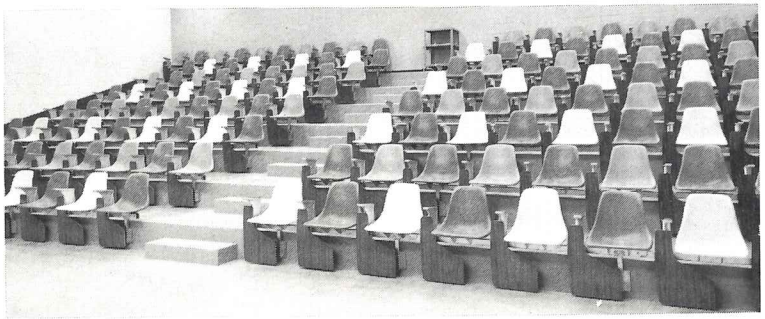
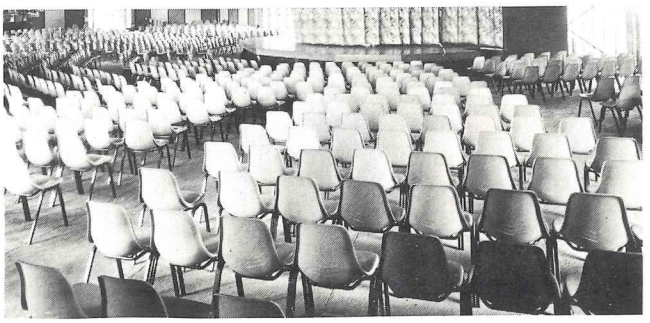
4 Howell Fiberglass Stacking Chairs used to provide moveable seating in an auditorium. Chairs are equipped with ganging device to keep them in row formation.



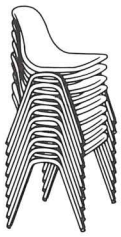
4



FIBERGLASS STACK CHAIR NON-WALL SAVER

A popular space saving chair that is made to stand rough treatment and keep its good looks. Molded fiberglass seats come in choice of seven decorator colors and two surface treatments. Regular (smooth) or Howelltex which is a molded-in leatherlike texture that eliminates slipping when seated in the chair. Howelltex shells are also furnished with upholstered seat and back pads or seat only pads. See diagram which explains the wall saver and non-wall saver feature.

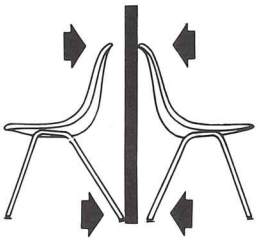
Description	Non Wall Saver		
	Satin Chrome	Bronzite	Silvertone
Fiberglass Chair	CS106	CP106	CF106
Upholstered Seat and Back	CS116	CP116	CF116
Upholstered Seat	CS114	CP114	CF114



FIBERGLASS STACK CHAIR WALL SAVER

The Fiberglass Stacking chair is available with either wall saver or non-wall saver leg arrangement, and can be specified by the appropriate model number.

The Howell wall saving leg spacing is designed to prevent back of chair from marring the wall. The non-wall saver style is for uses where people will walk behind the chairs—areas such as lecture rooms, dining rooms, cafeterias. Both leg styles will stack in the usual manner.



Description	Wall Saver		
	Satin Chrome	Bronzite	Silvertone
Fiberglass Chair	CS105	CP105	CF105
Upholstered Seat and Back	CS115	CP115	CF115
Upholstered Seat	CS113	CP113	CF113

UPHOLSTERED STACKING CHAIR

A well tailored upholstered seat and back with a protective frame, which forms a handle at the top. Seat and back are generously padded over a wood base. Cord welt along the edges. A full line of colors and grades of vinyl is available. Frame is all square tube welded to form a one piece construction. Rubber cushioned glides.

Model Numbers by Frame Finish

Satin Chrome	Bronzite	Silvertone
CS742	CP742	CF742

CS742

Generously padded upholstered stacking chair designed for budget areas. Cord welt box styled cushion. The full range of colors and grades of vinyl is available. 7/8" square tube frame welded to a one piece construction. Stainless Steel glides with rubber cushion.

Model Numbers by Frame Finish

Satin Chrome	Bronzite	Silvertone
CS744	CP744	CF744

CS744

DELUXE UPHOLSTERED STACKING CHAIR

Deluxe upholstered stacking chair. Patented back construction completely encases upholstery. Back is lumber core covered with padding and upholstered in the Howell full line of colors and grades of vinyl. Seat cushion is padded over hard board with metal pan. Frame is sturdy square tube and all welded one piece construction. Leg spacing provides a wall saver feature. Note the recessed handle on the back.

OCCASIONAL TABLES
(for square tube upholstered seating)

These occasional tables are styled to "go-with" the Howell Square Tube upholstered seating groups. Five styles are available with a choice of Imperial Walnut, Canadian Walnut, India Teak woodgrain or Plain White laminated plastic with edges of the same pattern as the top. Leg frames are all welded square tubing in Mirror Chrome, Satin Chrome, Bronzite or Silvertone finishes.

These tables are styled for Apollo, Encore, Trophy style seating groups.

ENCORE 4000 SEATING

This modern styled chair with separated seat and back has a more delicate appearance than the 2000 series. However despite the appearance this series has the Howell sturdiness and quality built into it. The box style cushions have hardwood frames, sturdy springs and a combination foam and felt padding. The back is contoured for comfort. The frame is all welded one piece construction. Chairs can be ganged to arrange multiple seating. Arm rests are solid Walnut.

TROPHY SEATING

The reversible cushion group will give twice the wear. The 3½" box style molded foam cushions have self welt all around. The back cushion is 2½" molded foam and is also self welted. Cushions are completely tailored so they can be reversed. Arm rests are padded. The frame is square tube all welded one piece construction. The full range of vinyl colors and grades and the nylon woven fabrics are available on the Trophy seating group.

*3 passenger davenport not available in Satin Chrome finish.

DIVIDEND SEATING

The Dividend Group has a fine contemporary styling with a double taper leg and a gracefully curved arm rest that gives these pieces a comfortable look yet are made to take the wear of public seating. The brass adds a nice touch to the overall appearance. The loose cushions are well tailored over foam to retain their shape and comfort. A full range of vinyl grades and colors is available.

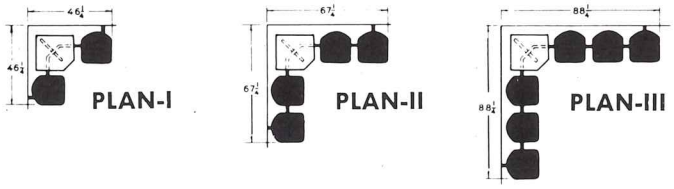
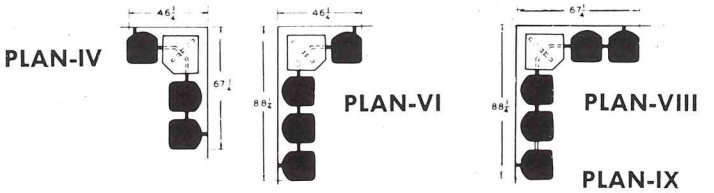
SEQUENCE SEATING (CORNER ARRANGEMENTS)

The corner arrangements shown below are to aid in planning and ordering. Any arrangement to suit the needs of the area can be obtained from the basic components. The Engineering Dept. of The Howell Co. will be pleased to assist you.

The seat shells are available in seven decorator colors with the famous Howelltex textured finish that prevents slipping. Also available are upholstered seat and back pads or seat only.

The corner tables and the spacer tables are available in Imperial Walnut, Canadian Walnut, India Teak, woodgrain patterns as well as Plain White. The metal frames are available in Satin Chrome or Bronzite finish.

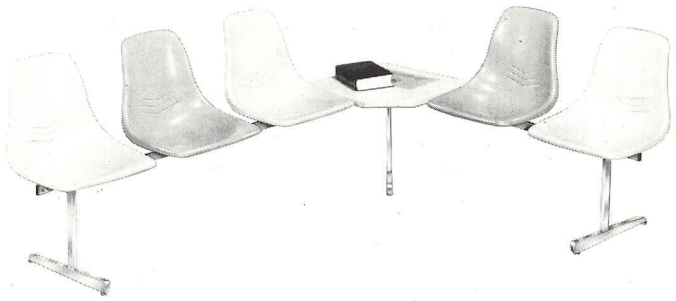


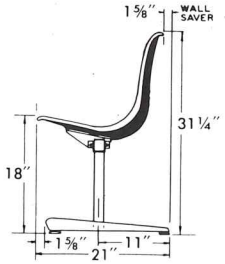


PLAN-IX
(Like Plan VIII, but reversed.)

PLAN-V
(Same as Plan IV, except arrangement reversed, i.e. two seats on left of table and one on right.)

PLAN-VII
(Same as Plan VI, but reversed.)





SIDE ELEVATION

SEQUENCE SEATING (STRAIGHT-LINE ARRANGEMENTS)

Similarly to the Corner Arrangements, the Straight-Line are shown in "package" plans below. Any number of seats as well as spacer tables can be assembled to achieve the desired arrangements.

When specifying Howell Sequence Seating please include the Colors of the seats, finish of the frames, pattern of the table tops. Below are the Model Numbers of the Accessory Items.

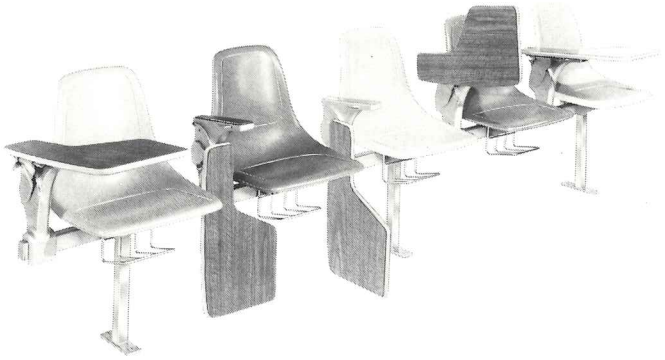
HOWELL TABLET ARM SEQUENCE SEATING

The Howell Tablet arm seating comes in two styles.
1. Tablet Arms that fold away when not needed.
2. Fixed position tablet arm.

The seats are molded fiberglass contour engineered for comfort. The surface of the seat has the molded-in Howelltex finish which is a leather grain texture that prevents slipping, and is available in seven decorator colors. The tablet arms are positioned at the perfect angle for easy writing, and are available in Imperial Walnut laminated plastic that can keep its good looks for years.

Either style is furnished with a free standing leg arrangement, however floor or riser mounting arrangements are available for permanently mounted seating. Contact the Howell Engineering Dept. for further information and engineering assistance. Underseat mounted book racks are available as optional accessory.

Chart below shows the overall length of multiple seat units.



SGS-5 ARRANGEMENT

Howell folding tablet arm units are available with each seat having its own pedestal for installations that require a permanent mounting of individual units. Shown above is the floor mounting arrangement, however, single units are available with riser mounting plates. Contact Howell Engineering Dept. for specification approval.

Model Numbers for individual units
SS710 Satin Chrome
SP710 Bronzite

Unless otherwise specified Howell Folding Tablet Sequence Seating will be furnished with free standing bases. However, arrangements for permanent mounting of single or group units to floor or risers are available. Because of the necessary structural requirements, approval of the Architectural Specifications must be obtained from the Engineering Department of the Howell Company.
